**RE: SECTION 403(r)(6) NOTIFICATION**

Dear Sir or Madam:

In accordance with the requirements of section 403(r)(6) of the Federal Food, Drug and Cosmetic Act, the Knox Company, a unit of Nabisco, Inc., notifies FDA that it uses the following statements:

"Knox for Nails Gelatine Dietary Supplement Helps Achieve and Maintain Stronger Nails.

Millions of American women experience weak, fragile nails.

Problem nails can be caused by many different factors including frequent washing, exposure to harsh detergents, frequent manicures, and humid environments.

Knox for Nails provides important nutrients that help promote healthy, stronger nails.

- Gelatine and biotin help promote healthy nail growth by acting at the base of the nail – the nail matrix – where nail growth begins.
- Niacin and Vitamin B6 are two important nutrients that help support cell growth.

By taking one packet of Knox for Nails each day as directed, you may notice stronger nails in one to three months. "

These statements contain the statutory disclaimer. As the above statements indicate, the name of the product is Knox® For Nails Gelatine Dietary Supplement, and the relevant dietary ingredients are gelatine, vitamin C, Niacin, Vitamin B6 and Biotin.

I certify that the foregoing is complete and accurate, and that Nabisco, Inc. has substantiation that the statements are truthful and not misleading.

Very truly yours,

THE KNOX COMPANY,  
a unit of Nabisco, Inc.
